Agriculture and Forestry

*Presiding: The Chancellor
Associate Chief Justice
Tevie H. Miller*

2:00 pm, Tuesday
June 2nd, 1987
Northern Alberta Jubilee
Auditorium

The Order of Academic Procession

The audience and graduands will remain seated during the musical prelude. Following a pause in the music the band will play the opening bars of the processional music to signal the arrival of the Chancellor and other members of the Platform Party. The audience and graduands should then rise and remain standing until after the Invocation.

Music provided by the University of Alberta Convocation Band under the direction of Ernest Dalwood, AMus. Vocal accompaniment by Dwayne Barr, student in the Department of Music.

The assistance of the Music Performance Trust Fund and the Edmonton Musicians' Association is gratefully acknowledged.

Please refer to the inside back pages of this program for a short history of academic dress and other academic information.

National Anthem

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada, we stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee,
O Canada, we stand on guard for thee.

Hymne National

O Canada! Terre de nos aïeux,
Ton front est ceint de fleurons glorieux!
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée des plus brillants exploits.
Et ta valeur, de foi trempée,
Protégera nos foyers et nos droits,
Protégera nos foyers et nos droits.

Royal Anthem

God save our gracious Queen
Long live our noble Queen
God save the Queen

Send her victorious
Happy and glorious
Long to reign over us
God save the Queen.

Convocation Address

Dr. A. Ernest Pallister

God Save the Queen

Recession

Members of the audience are requested to remain in their seats until the Platform Party and the graduates have recessed.

Following the Convocation ceremony light refreshments will be served. The University and the Alumni Association cordially invite you to attend.

First balcony foyer: Faculties of Engineering and Agriculture and Forestry.

Main floor foyer: Faculty of Science.

The Presentation

The Dean of the Faculty of Science asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President, then rising, addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges and liberties of this your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning and the good of your country?"

Each candidate replies: "These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights and privileges pertaining to such degrees, and I charge you to use them for the Glory of God and the honor of your country."

Graduates then sit down.

Honorary Degree Recipient

John Poole is an Edmonton businessman and engineer. After completing a Bachelor of Science in Civil Engineering at this University, Mr. Poole and his brother established Poole Construction Ltd. which is now PCL Construction Ltd. From 1948 to 1977, the brothers headed the company which has become one of the foremost general contractors in Canada. Their list of achievements includes the erection of major buildings and entire townsites, airports, highways and industrial plants, in addition to pioneering arctic exploration.

A founder of Oxford Development Group, a leading commercial developer in Canada, Mr. Poole is a director of the Alberta Venture Fund, The Toronto Dominion Bank, Shaw Cable Systems Ltd. and Suncor Ltd. He is an associate of the Devonian Group of Charitable Foundations, a member of both the Engineering Institute of Canada and APEGGA, and a trustee of the Pearson College of the Pacific. He is past Governor of the Glenbow Alberta Institute and the Banff Centre, and he was a council member of the Duke of Edinburgh's Commonwealth Study Conference in 1980.

The Senate is donating a volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to John Poole.

Honorary Degree Recipient

A. Ernest Pallister is a native Edmontonian and alumnus of our University. He was one of the early pioneers in the Alberta geophysical industry and developed many new techniques and concepts. To recognize his contributions to the oil industry, Dr. Pallister was named "Oilman of the Year" in 1970. He established his own consulting firm which continues to provide expertise to various areas of the oil industry in Alberta and across Canada. Dr. Pallister is familiar with the frontier exploration in Canada's north through his involvement with and former chairing of the Centre for Cold Ocean Resources Engineering (C-CORE) in Newfoundland. He currently chairs the Centre for Frontier Engineering Research (C-FER) which he helped to found.

Dr. Pallister was instrumental in the establishment of the Veterinary Infectious Disease Organization (VIDO) at the University of Saskatchewan. He sits as an associate of the Devonian Group of Charitable Foundations, has served as a Director and Vice-Chair of the Banff School of Advanced Management and as a director of several organizations including the Arctic Institute of North America. Most recently, Dr. Pallister was a consultant to the Newfoundland commission investigating the Ocean Ranger disaster.

The Senate is donating a volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Dr. Pallister.

Academic Standing

Degrees with Honors

Degrees with Honors are awarded in two classes, First Class Honors and Honors, to students in the Faculties of Arts or Science with approved qualifications, who follow a more concentrated course of study in a special field under departmental supervision and in accordance with the requirements of the faculty and department.

Degrees with Distinction

The general university provision is that, at the discretion of the faculty concerned, the notation "With Distinction" is inscribed on the permanent record and graduation parchment of a candidate for any degree (except an honors or graduate degree), if the candidate has obtained a grade-point average of 7.5 or higher over the last two years of the program.

University of Alberta Alumni Association

An Invitation to the Graduates

The University of Alberta Alumni Association welcomes you to the University's world-wide alumni family and invites you to participate in the Association's programs and activities.

The Alumni Association was formed in 1915 to promote the interests of the University and its graduates. It has a general office located in Athabasca Hall on campus, and branches exist in many Canadian centres and in a variety of locations abroad. In addition, constituent societies promote the special interests of graduates in a number of professions.

The Alumni branches around the globe provide welcome social and career contacts to the graduate moving to a new area, and new branches are being formed all the time. If there is a branch in the city where you will be establishing roots, be sure to contact the representative listed below. If there is not, contact the Office of Alumni Affairs to see if there are plans for one. You might like to help get it started.

For further information about the Alumni Association, contact the Office of Alumni Affairs or a branch representative. The Association welcomes your participation and encourages you to take advantage of the many benefits available to alumni.

University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 - 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26th, 1970.

Among its elements: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Coat of Arms. The University motto "Quaecumque Vera" encircles the staff. It is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation.

Centuries ago the Mace was a symbol of authority over life and death. Today it represents power — but the power of knowledge and the importance of the University in the community.

The University of Alberta Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electro-plate process was used to apply 24 carat gold to other parts of the Mace.

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive.

The University of Alberta Ceremonial Chairs

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded leather back is carved the University motto "Quaecumque Vera" together with the class year 1922 and the University coat-of-arms.

In 1987 the family and friends of Dr. Charles Malcolm MacLeod, Chairman of the Board of Governors from 1950 - 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chairman of the Board of Governors at Convocation.

Academic Dress

The tradition of academic dress dates back to the early fourteenth century. Its origins seem to have been mainly ecclesiastical but partly functional. Since the early institutions of higher learning in England were run by and for the members of religious orders, clerical discipline prevailed, and tonsured heads and clerical garb were required. However, it is probable that long woolen gowns were considered necessary in any case to shield medieval scholars from the dampness and cold of the unheated buildings and that hoods were used to provide warmth to their shaven heads.

The hoods or cowls of monastic orders, which in warm weather could be thrown back to fall between the shoulders, were superseded as headdress by the ecclesiastical calotte or skull cap, but were retained as a sort of cape. After the Reformation the clerical skull cap was replaced by the academic "round cap", a circular, velvet bonnet, which is still prescribed for higher degrees by a number of universities. The mortar board, the hard, square cap that is so commonly used as academic headdress today, evolved from the softer, more flexible "square cap" that was introduced in England in about 1490.

From these early beginnings a code of academic dress gradually evolved. Colours were introduced in the borders and linings of the hoods to distinguish between degrees in different fields of study, and a variety of patterns of both gowns and hoods was developed to distinguish between different levels of degrees.

Academic dress at the University of Alberta conforms to the customary Cambridge shape (a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.) Hoods are of the Oxford pattern of spruce green material with a border for bachelors, and a full lining for masters and doctors of medicine and dental surgery, of the colour distinctive of the faculty.

Agriculture and Forestry	Pale Blue
Arts (including LL.D.)	White

Business	Silver Gray
Dentistry	Maroon
Education	Royal Blue
Engineering	Light Green
Home Economics	Burgundy/Pink Trim
Law	Scarlet
Medicine	Crimson
Nursing (B.Sc.)	Crimson/White Trim
Pharmacy and Pharmaceutical Sciences	Cinnamon
Physical Education and Recreation	Royal Blue/Gold Trim
Rehabilitation Medicine	Salmon Pink
Faculté Saint-Jean	Lavender
Science	Gold-Yellow

Doctor's gowns and hoods (PhD and EdD) conform to the Intercollegiate Code in shape, size and colour, with velvet trim on the sleeves in either Philosophy blue for the PhD, or Education light blue for the EdD on a black gown. Doctor's of Laws wear a full-dress scarlet robe faced with white silk.

Doctor's hoods are of black material to match the gown, and a full lining is of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown.

Honorary degree hoods (LLD, DLitt and DSc) are of scarlet in the Cambridge form and have a full lining of white silk.

The President of the University wears a green gown faced with gold braid trim and lining and a green mortar board with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and velvet mortar boards with silver tassels; the Chairman of the Board of Governors' gown is black with gold-braid trim and the mortar board has a gold tassel. The gowns of the three senior officials bear an embroidered crest of the University.

University Governors and Senators wear stoles bearing the crest of the University over their gowns, gold faced for Governors and green faced for Senators.

The University gratefully acknowledges the generous financial contribution made by the Alma Mater Fund which has made possible the purchase of additional academic hoods for Spring Convocation, 1987.
